

S-Sidebar Brands Page

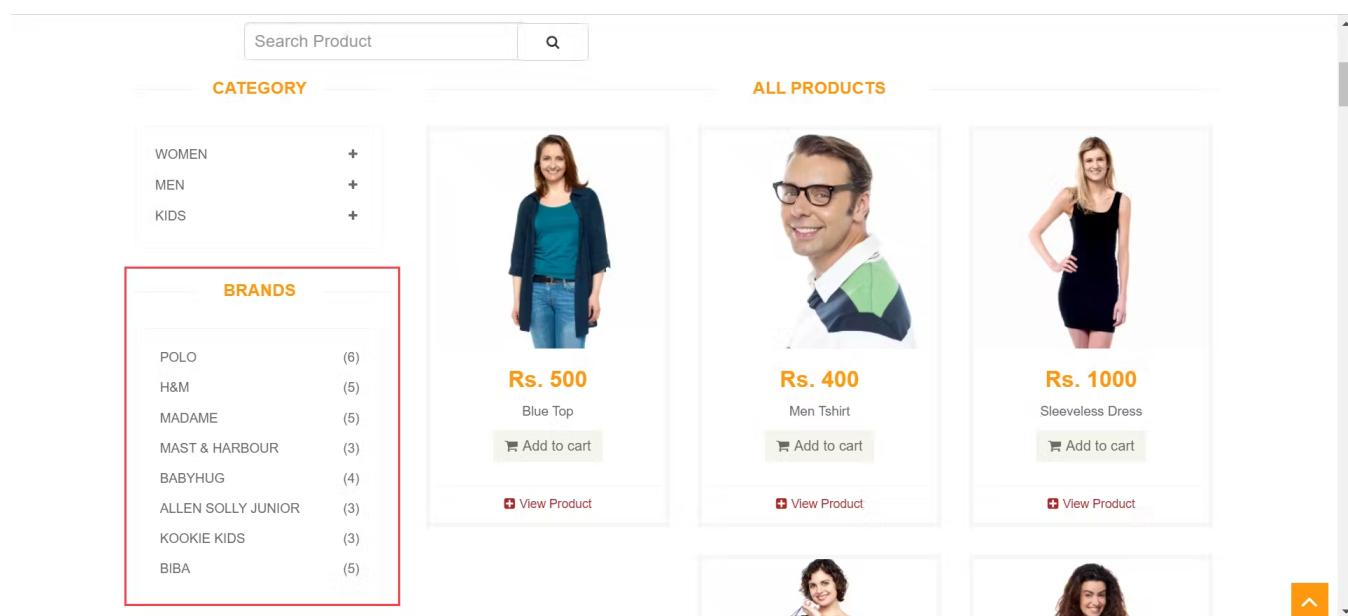

Project: github.com/awika-varathon/automationexercise

 awika varathon

Brands section is at sidebar in 'Home' page and 'Products' page

The screenshot shows the Home page of an e-commerce website. On the left, there's a sidebar with 'CATEGORY' sections for WOMEN, MEN, and KIDS, each with a '+' sign. Below this is a 'BRANDS' section with a red border, listing brands like POLO, H&M, MADAME, etc., with their respective product counts in parentheses. The main content area features three product cards: a woman in a blue top (Rs. 500), a man in a polo shirt (Rs. 400), and a woman in a black dress (Rs. 1000). Each card includes a 'View Product' button and an 'Add to cart' button.

The screenshot shows the Products page. It has a search bar at the top. The sidebar categories and brands are identical to the Home page. The main content area displays the same three products as the Home page, with their details and interaction buttons.
